

**Valley Outdoor Centre
Cross Country Ski Purchase Program
2022**

- Valley Outdoor Centre is a Rossignol Nordic Equipment Dealer
- For Winter 2022/2023, we will pre-order ski packages for members. These will be delivered during Fall 2022. Due to supply chain issues this year, Rossignol are not willing to guarantee a delivery date. Orders this year were delivered in December and January.
- This program is available for members only – you must pre-purchase your membership for Winter 2022/2023 at the time of order
- Membership prices will remain the same as Winter 2021/2022
- A 50% Deposit will be taken on all orders. The remainder will be due on delivery
- VOC Member Prices are all-in prices, and include all applicable taxes.
- VOC does not stock equipment, therefore exchanges or returns will not be available. We strongly recommend that you try a pair of our rental boots and poles prior to ordering to ensure the correct size. Skis sizes are based primarily on body weight.
- To maximize simplicity, and to keep rates low, we are only offering packages. Mix-and-match of elements from different packages will not be available.
- Orders must be placed by Feb 13th, 2021

Junior Waxless Classic Ski Package

- Retails for \$368 (including taxes)
- Suitable up to:
 - Weight: 145 lbs
 - Shoe Size: US Men's 7
 - Height: 5'3"
- Skis use a waxless fish scale design for grip in the kick zone for minimal upkeep and maintenance

VOC Member All-In Price (including taxes)
\$285

SKATING

CLASSIC

On average, the ideal pole size is considered to be equal to the skier's height multiplied by 0.84 for classic cross-country skiing, and 0.89 for skate skiing.

For Nordic skiing, your pole must reach your shoulder.

For skate skiing, measure the distance from the ground to your ear; even if it seems high, it's the minimum needed to generate good thrust.
